To whom it may concern,

We, **FIRAT PLASTIK KAUCUK SAN. VE TIC. A.Ş.**, as the manufacturer of PVC windows and doors profiles, hereby confirm that the 10-year life expectancy for white profiles will be met if they are transported and stored under appropriate conditions and if the pvc joinery is produced according to the rules written in our technical catalogues.

If a problem occurs originating from the production of PVC profiles, we are committed to start necessary corrective actions.

Best regards,

Mutlu SUNER
Quality Manager

Note: for colour under 16 Gj/m² (total) irradiation energy.
